Apply to Jane Street's WiSE programme!

Jane Street is excited to host our WiSE programme which is currently open for application in Hong Kong, London and New York! We are inviting self-identifying women, transgender and gender-expansive people in their final year of high school to spend time in our office learning more about how we use math, computer science and probability concepts to run our business.

This programme is for students about to start their first year of university. Participants will have the chance to meet some of our traders and technologists and learn how they transitioned from studying STEM subjects to having careers at Jane Street.
